## About me

My creative background and education in the arts inspired me to combine design with analytics, bringing a unique visual and creative touch to dashboards and data storytelling, with strong attention to detail.

Working with diverse clients and methodologies has strengthened my adaptability and ability to deliver effective analytical solutions.

Passionate about using technology to solve problems and continuously expanding my skills to deliver impactful results.

## Experience

- Analyst** | Accenture  
Feb 2023 / Nov 2025  
Worked daily with large data samples alongside a team to identify trends, anomalies, and critical points for monthly client reports. Performed data cleaning and analysis using SQL, and structured dashboards and slide presentations with clear, data-driven visuals in Power BI.
- Team leader/Responsible brand promotor Breitling** | Tempus Distribuição  
2019 / 2021  
Management and maintenance of several luxury watch brands from the Tempus International group; Team formations
- Analytical Assistant/Recepcionist**  
Society Abreu Advogados  
2018 / 2019  
Auto Insurance Claims Analyst; Registration and update of data in the system, contributing to the organisation of the processes
- Event promoter and lifeguard**  
2013 / 2018

## Education

- Bootcamp Data Analyst**  
2Logical  
Nov 2022 / Jan 2023  
Developed strong skills in data cleaning, processing, management, and interpretation using tools such as SQL, Excel, Python, and Power BI. Gained the ability to identify patterns, trends, and key insights, transforming complex data into meaningful visual stories and actionable insights for clients
- Bootcamp Junior Fullstack Developer**  
Bytes4Future  
Feb / Jun 2022  
Introduced to the world of programming and development, focusing on both front-end (HTML, CSS) and back-end (JavaScript, React, Node.js) technologies. Worked on several team projects, enhancing collaboration and problem-solving skills through real-world development challenges.
- Web Design**  
Lisbon School of Design  
2020  
CSS, Front-End, Adobe programs
- Design**  
IADE  
2010 / 2013
